Household List People in the Household of: SMITH, JOHN GALT

Important: People listed, (apart from the Householder) may have a family of their own or be associated with others not listed. Check their Household by entering their Ref# (column 1) in the main search menu Ref# (mark this box only) search option - then Search and request a Household List. Secondly - If a person is listed alone, or with their own family, they may be an employee. If so, a number will appear in the last columns (Other# or HHolder#) which does not appear anywhere in the first column - you should also do a search for that number in the Main Menu as above. It will then list their employer and all other associated people.

Please read the Introduction under the heading **Household Returns Reconstructed.**
